

**Micro Learning:**  
New UCPath CCoA (Common Chart of Accounts) Display Order

# New UCPath CCoA (Common Chart of Accounts) Display Order

In December 2022, there will be a system-wide update to display chartfields in the new Common Chart of Accounts (CCoA) order

The New CCoA Display Order project will:

- Impact the order of chartfields within page grids and position/order of chartfields directly on pages
- Apply to all custom online pages housing funding data
- Apply to both historical and new transactions
- Be a one-time implementation across all UC locations

# CCoA Display Order | Current → New

Example of Current Funding Entry Screen:

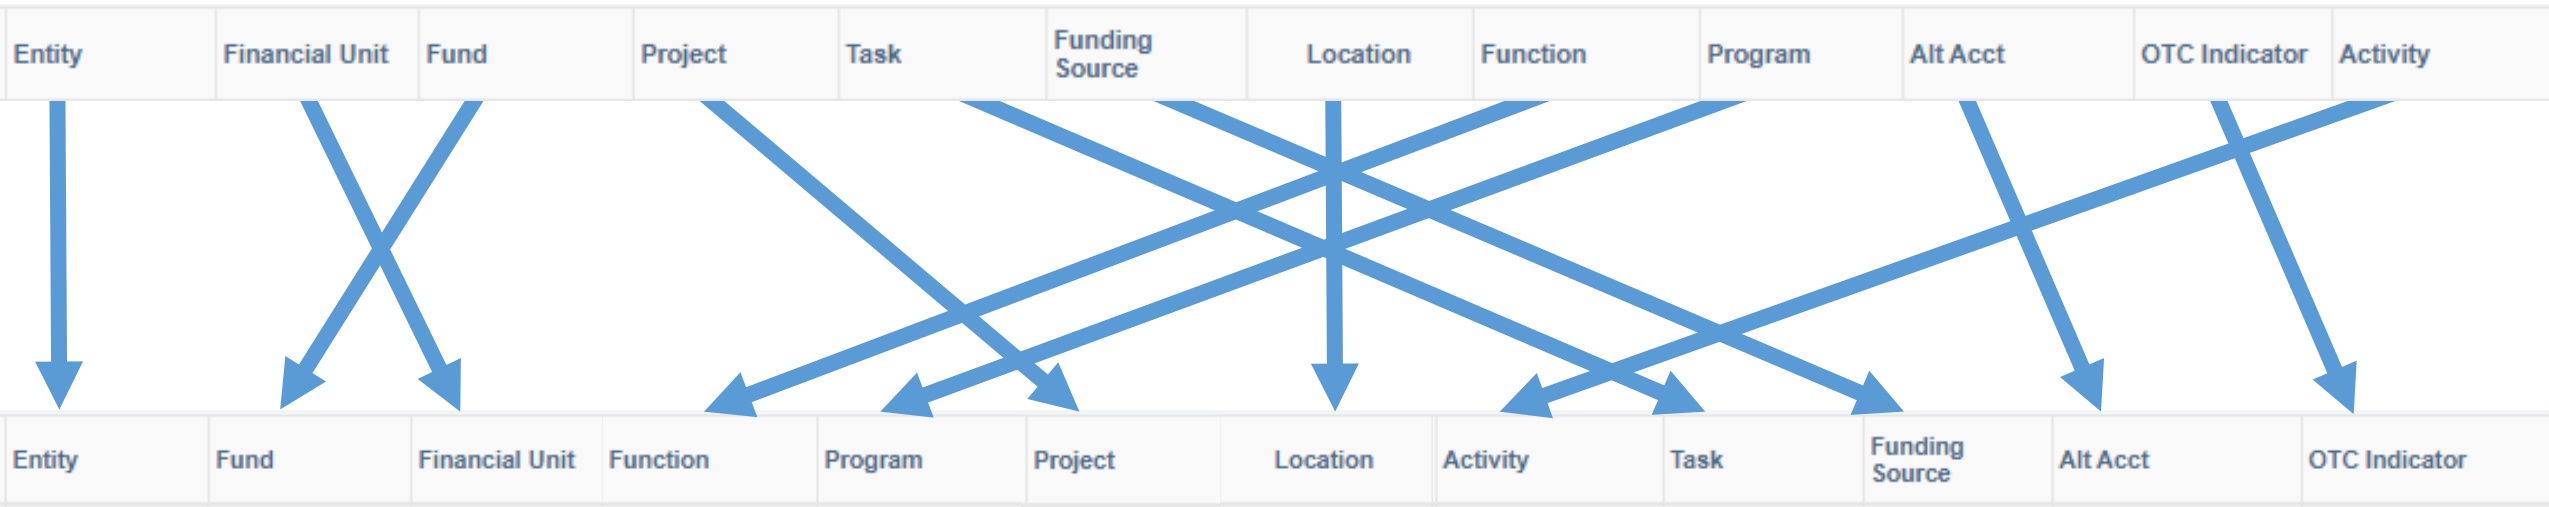

\*Funding Effective  Eff Seq: 0 \*Status: Active Record Status: In Progress

Date:

Earnings Distribution Personalize | Find | First 1 of 1 Last

| Em Cd | Seq #                | Combo Code           | Entity               | Financial Unit       | Fund                 | Project              | Task                 | Funding Source       | Location             | Function             | Program              | Alt Acct             | OTC Indicator        | Activity             | Funding End Date     | Pay Dist % |
|-------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|----------------------|------------|

New CCoA Display Order

# New UCPATH Common Chart of Accounts Display Order

Starting December 2022, transactors will see the new CCoA display order in UCPATH. (\* = ChartField order changed)

| Current UCPATH Order |                | New UCPATH Order |                 |
|----------------------|----------------|------------------|-----------------|
| 1                    | Entity         | 1                | Entity          |
| 2                    | Financial Unit | 2                | Fund*           |
| 3                    | Fund           | 3                | Financial Unit* |
| 4                    | Project        | 4                | Function*       |
| 5                    | Task           | 5                | Program*        |
| 6                    | Funding Source | 6                | Project*        |
| 7                    | Location       | 7                | Location        |
| 8                    | Function       | 8                | Activity*       |
| 9                    | Program        | 9                | Task*           |
| 10                   | Alt Acct       | 10               | Funding Source* |
| 11                   | OTC Indicator  | 11               | Alt Acct*       |
| 12                   | Activity       | 12               | OTC Indicator*  |

### Current OFC GL Chartstring Order

|    |  |
|----|--|
| 1  | Entity                                 |
| 2  | Fund                                   |
| 3  | Financial Unit                         |
| 4  | Account                                |
| 5  | Function                               |
| 6  | Program                                |
| 7  | Location                               |
| 8  | Project                                |
| 9  | Activity                               |
| 10 | InterEntity (only zero value accepted) |
| 11 | Future 1 (only zero value accepted)    |
| 12 | Future 2 (only zero value accepted)    |

Refer to the [New CCoA Display Order Project Space](#) on our UCPATH website for additional information regarding this change.

| Order | ChartField     | Definition   |
|-------|----------------|--|
| 1     | Entity         | This segment identifies and represents Entities at the posting level of either each Vice Chancellor's area or major UCSD operational units.  |
| 2     | Fund           | <p>The Fund segment tracks funding.</p> <ul style="list-style-type: none"><li>• Foundation Funds are the same in both Foundation and UCSD ledgers.</li><li>• Gift and Endowment Funds are alpha-numeric.</li><li>• All other Funds are all numeric.</li></ul>  |
| 3     | Financial Unit | <p>Financial Unit is defined at minimum by a group of employees working for a business objective with budget and costs.</p> <ul style="list-style-type: none"><li>• A Financial Unit can only be associated to one OFC Entity.</li><li>• Tip: The first 2 digits of a Financial Unit are the last 2 digits of an Entity.</li></ul> |
| 4     | Function       | <p>Function is used when the OFC Account is an Expense Account.</p> <ul style="list-style-type: none"><li>• This follows NACUBO-defined Function expense classification.</li><li>• Every chart string in UCPath should have a Function.</li></ul>  |
| 5     | Program        | This segment is only used with systemwide Revenue or Expense transactions that are formalized, defined and assigned by UCOP. Otherwise, leave blank in UCPath.   |

| Order | ChartField                   | Definition   |
|-------|------------------------------|--|
| 6     | Project                      | This segment is the unique number that describes a Project and is only used if there is a Project in the PPM module. Otherwise, leave blank in UCPATH. |
| 7     | Location                     | This segment is only used if Location is needed to identify a physical location or capitalizable Assets. Otherwise, leave blank in UCPATH.             |
| 8     | Activity                     | This segment is left blank in UCPATH.  |
| 9     | Task                         | This segment is the number that represents the Project Task incurring the expense.   |
| 10    | Funding Source               | This segment is the number of the sponsor in Quali Research (KR) for the external Funding source. This is not the same as the Fund.                    |
| 11    | Alt Acct                     | The Alt Acct segment is the Work Study indicator. Refer to the <a href="#">How to Submit a Direct Retro for Work Study Job Aid</a> for the fields.     |
| 12    | OTC (Over the Cap) Indicator | This segment signifies if funding is up to the cap or greater than the cap rate for a capped fund.   |
