Contingent Workers

Topic Based Zoom
12/14/22
Today’s Topics:

- Contingent Worker Defined
- Pre-Process
- Choosing the Correct Template
- Resources
What is a Contingent Worker?

CWR designation is used for a person that is providing services to UC San Diego on a non-permanent basis or is potentially paid by a third party and does not receive compensation through UCPath.

CWR designation allows for the tracking and management of certain populations’ relationship with the University.

- Not an Employee
- Not paid through UCPath
- Not be used as a bridge for future hires waiting on work authorization
Qualifying Populations for CWR

- Independent Contractor/Consultant*
- Research Associate
- Research Fellow
- Staff Emeritus
- Staff Volunteer
- Temp Agency Staff – Health*
- Temp Agency Staff – Non UC*
- UC Employee – Different Business Unit
- Visiting Scholars
- Visiting Student Researcher – Grad
- Visiting Research Scholar Intern (Undergrad)
- Volunteers (excluding Health Professional Schools)

*Independent Contractor/Consultant or Temp Agency Staff populations should only be entered in UCPath if they will be transacting in UCPath or supervising UC San Diego employees.
Pre-Process

Search Match to ensure the employee has never been assigned an UCPath Employee ID

**Navigation:** Workforce Administration > HR Tasks > Search for People

UCPath Center recommends performing all 3 searches to verify new hire isn’t in system:

1. Enter National ID (SSN), click Search
2. Enter First and/or Last Name with DOB, click Search
3. Enter First and Last Name, click Search

**UPK: Search for People Using Search/Match**
Lifecycle of Contingent Workers

Create Position*

- Contingent workers do not need a position unless they supervise UC San Diego employees

Submit a CWR Template

- UC_ADD_CWR Template Transaction
- Enter Expected Job End Date

Manage CWR

- Update Reports To
- Extend Job End Date
- Renew (if Job End Date has passed)

Complete CWR Instance

- UC_COM_CWR Template Transaction
Create Position

- Navigation: Workforce Administration > Position Management > Add Update Position > Add/Update Position Info

- Contingent workers do not need a position unless they supervise UC San Diego employees

- **Note:** Position Management entries do NOT go through approval routing but are committed immediately to UCPath
Choosing the Correct Template

- **Job Aid: Template Transactions - Action Reason Codes and Descriptions**

- **Template: UC_ADD_CWR** for Contingent Worker without position

- **Template: UC_ADD_CWR_POSN** for Contingent Worker with position
Manage CWR

Update Reports To

Extend
Can be extended before the Expected Job End Date

Renew
IF Expected Job End Date has passed

- Initiate Update Contingent Worker (No Position) Template Transaction
- Initiate Extend Contingent Worker (No Position) Template Transaction
- Initiate Extend Contingent Worker (With Position) Template Transaction
- Initiate Renew Contingent Worker (No Position) Template Transaction
- Initiate Renew Contingent Worker (With Position) Template Transaction
Complete CWR Instance

- Contingent Workers must be completed when the service(s) they provide are done
  - [Initiate Complete Contingent Worker Instance Template Transaction](#)

Local Resources | UC San Diego’s UCPath Resource Site

- [https://ucpath.ucsd.edu/](https://ucpath.ucsd.edu/)
- Job Aid: Understanding Contingent Workers
Key Takeaways

- Contingent workers are not Employees, not paid through UCPath and not be used as a bridge for future hires waiting on work authorization.
- Separate templates for Contingent Workers, review the Job Aid: Template Transactions - Action Reason Codes and Descriptions to ensure the correct one is used.
- Enter an Expected Job End Date.
- Extend, Renew, or Complete Contingent Worker instance as applicable.
- Contingent Workers must be completed when the service(s) they provide are done.
Notes

• Template transactions go through approval routing, both local and UCPC.

• The process to bring on a new volunteer/contingent worker does still require Records approval prior to putting in the UCPATH Template, correct? Form to Records still required. (include this step in the Job Aid). Thanks! It might be important to note on the job aide that volunteer appointments need to be renewed annually, and the renewal also needs to be approved by Records prior to updating in UCPATH. Blink volunteer info https://blink.ucsd.edu/HR/services/campus-staff-volunteers.html Will reach out to records team for guidance/approval to add to Job Aid.

• Will you also address process to fix/change hire date? My question is CWR was 12/1/22 start, now is 4/1/23. No position. Anytime you need to correct effective date for hire/start date you will need to submit a Job Data Update form to UCPC. Only UCPC can overwrite data.

• Do we need to do anything when there is an end job in UCPATH? Do we know why UCPATH does not end Contingent Worker jobs when the Expected Job End Date is reached? Must Submit the Complete CWR template when the CWR instance is completed. Auto term check box is what triggers auto terminations. If that box is not checked then the auto term will not occur. There is no check box for CWRs hence they will not auto term and a Complete CWR template MUST be submitted.

• Employee data change deadline*** if you want it to affect that paycycle.
