Social Security Number (SSN)

The SSN in UCPath must match ISIS

International Students also need to complete Glacier

SSN is required for tax purposes

If the student does not have a SSN yet:

- Leave the National ID field blank
- Explain the omission in the Comments
- SSN must be added later by submitting a Personal Data Change template transaction or students can enter it via Self Service

Work Study

Two types Work Study:

• Federal Position Pool ID = F (Federal 50%)
• University Pool ID = U (University 50%)
• Check Work Study Table in UCPath to see which one is available to the student employee

Pre Process

Does this student already have an Empl ID?

1. Search for People: Search/Match

Is the combined FTE across all active jobs under the threshold?

2. Person Org Summary
   • FTE < 80% and registered for > 6 units

Does the FLSA/Pay Frequency align with existing jobs?

3. Person Org Summary
Search for People | Search/Match

Perform the search three times, in this order:

1. The employee’s Social Security number
2. The employee's first and/or last name and date of birth
3. The employee’s first and last name

UPK: Search for People Using Search/Match

• Search Type = Person
• Search Result Code: PERSON_RESULTS
## Person Org Summary

Aligning FLSA/Pay Frequency

When New Hire needs to align FLSA/Pay Frequency to existing Empl Record(s):

Override Pay Groups can be done through comments on Hire Template

<table>
<thead>
<tr>
<th>6MS</th>
<th>6MH</th>
</tr>
</thead>
<tbody>
<tr>
<td>FLSA = Exempt</td>
<td>FLSA = Exempt</td>
</tr>
<tr>
<td>Comp Rate Code = UCANNL</td>

</tr>
<tr>
<td>Comp Rate = Annual Rate</td>
<td>Comp Rate = Hourly Amount</td>
</tr>
<tr>
<td>Comp Frequency = M</td>
<td>Comp Frequency = M</td>
</tr>
</tbody>
</table>

When existing Empl Record(s) needs to align FLSA/Pay Frequency to the New Hire:

- Use PayPath to update the FLSA, Comp Rate Code, Comp Rate and Comp Frequency
- Submit a Job Data Update Form to request a Pay Group Override to 6MS or 6MH
- Use an Effective Date that is before the Effective Date of New Hire
- Use an Effective Date that begins a pay period

Create Position

• Navigation: Workforce Administration > Position Management > Add Update Position > Add/Update Position Info

• Use this page to create a new position or to update a vacant position.

• **Note:** Position Management entries do NOT go through an approval routing but are committed immediately to UCPath

**Key fields for students:**
• Effective Date
• Job Code
• Full/Part Time: Variable
• FTE
• FLSA
• ER Code: All others non confidential
• Position Pool ID
Add Position Funding

• Navigation: General Ledger Administration > General Ledger Tasks > Funding > **Funding Entry**

• Use this page to enter new position funding or to update existing position funding.

• Funding entry transactions only require local approval.

• To affect the current pay cycle, Funding Entry page is due 7pm the day before Pay Confirm

• **Note:** Failure to add funding will cause payroll expenses to hit the department default. If this happens, you will see an error code of FND in the Program column of the DOPE report.
Hire Employee

- Navigation: Workforce Administration > HR Tasks > Smart HR Templates > Smart HR Transactions
- Use Smart HR Templates for full hires, rehires, concurrent hires, personal data changes, terminations.
- Template transactions require local approval as well as UCPath Center acceptance and processing.
- Deadline to affect current pay cycle is the Employee Data Change

**Key fields for students:**
- Employee Class
- Expected Job End Date
- Pay Frequency
- Pay Group Overrides
Manage Job | PayPath

- Navigation: Workforce Administration > HR Tasks > PayPath/Additional Pay > PayPath Actions
- Use this page to modify position data, job data, and additional pay for filled positions
- PayPath only requires local approval.

Examples:
- Short Work Break/Return from Short Work Break
- Update Pay Rate
- Reclassifications
- Update Expected Job End Date
Manage Job | Payroll Requests

- Navigation: Workforce Administration > Payroll Tasks > Payroll Transactions > Self Service Transaction Links

- Use the Payroll Requests page to request off cycle, overpayment or final pay.

- Payroll requests require local approval as well as UCPath Center acceptance and processing.

- Use the Off Cycle Dashboard to track status of submitted payroll requests.

Examples:
- Off Cycle requests
- Overpayment
- Additional Pay
- One Time Payment
Manage Job | Direct Retro

• Navigation: General Ledger Administration > General Ledger Tasks > Direct Retro > **Process Direct Retro**

• Use Direct Retro, also known as salary cost transfer, to move payroll expenses from one fund to another to correct general ledger records.

• Direct retro transactions only require local approval.

• Direct retro deadlines to post in the accounting periods are posted on our local UCPath transactors page: [https://ucpath.ucsd.edu/transactors/index.html](https://ucpath.ucsd.edu/transactors/index.html)
Termination & Final Pay

- Use the **UC_VOL_TERM** template when an employee decides to resign their UC employment (voluntary)
- Use the **UC_INVOL_TERM** template when an employee is terminated, laid off, or dies
- Use the **UC RETIREMENT** template to initiate a retirement

**NOTE:** If Retirement template is used or termination template reason is Death, only one transaction is needed; UCPC will terminate all other jobs.

Situations that require a Final Pay Request:

1. Involuntary Termination
2. Employee is represented and off cycle final pay is part of their contract
3. Employee has accruals that need to be paid out
4. Employee is unable to report all hours worked/leave used in Time & Attendance

If *any* of these are true then you will need to submit a **Final Pay Request**

If *none* of these are true then you DO NOT need to submit a Final Pay Request. The employee will receive their Final Pay as their last on-cycle paycheck.
Hiring Student Employees in UCPath: Key Takeaways

- Social Security Number is needed to ensure tax status is correct
- Position Pool ID must be entered to apply Work Study
- Use Search/Match to make sure the student doesn’t already have an Empl ID
- Make sure you have a good understanding of the students Empl Records in order to manage combined FTEs and resolve any FLSA/Pay Frequency misalignment
- Monitor Expected Job End Dates
- Timely entry of SWB and RWB
Scenarios

- Hiring Department Aligning FLSA
- Existing Department Aligning FLSA
- Correcting Hours Paid on Incorrect Position
Scenario 1: Hiring Department Aligning FLSA

You are hiring a new student employee into a Non Exempt Biweekly Hourly position but noticed in Person Org Summary that the employee already has a job in another department with a conflicting FLSA/Pay Frequency of Exempt/6AC. You reach out to the Central HR Compensation contact listed on the Resolving FLSA Conflicts job aid and were told that you will need to align to the existing Empl Record.

Steps to Take:
1. Update your position:
   • FLSA Status = Exempt
2. Submit the Concurrent Hire Template:
   • Comp Rate Code = UCHRLY
   • Comp Rate = Hourly amount
   • Comp Frequency = M
   • Enter in the Comments to request a Pay Group Override to the 6MH Pay Group
You are contacted by another department requesting that you align your FLSA/Pay Frequency so that they can hire the student into their department with a position with a FLSA/Pay Frequency of Exempt/6AC. The student will start working 3/1/23.

**Scenario 2: Existing Department Aligning FLSA**

**Steps to Take:**

1. Use 2/19/23 for the Effective Date since this is a pay period begin date that is before the 3/1/23 Effective Date
2. Update the position data tab in PayPath to change FLSA Status = Exempt
3. Update the job data tab in PayPath as follows:
   - Comp Rate Code = UCHRLY
   - Comp Rate = Hourly amount
   - Comp Frequency = M
4. Submit an inquiry to ASK UC Path Center with a Job Data Update form to request a Pay Group Override to the 6MH Pay Group.
The student accidentally selected the wrong position in Ecotime and as a result was paid on the incorrect position at a lower rate.

**Steps to take:**

1. The department of the incorrect position will need to submit an Overpayment request.
2. The department of the correct position will need to submit an Off Cycle request.

**Another Option:**

If historical time adjustment period has not passes and in the current pay period the student will have worked enough hours to be able to reverse the hours without resulting in a net negative hours:

1. The incorrect department can submit a historical timesheet adjustment to reverse the hours on the incorrect position and
2. The correct department can submit a historical timesheet adjustment to add the hours on the correct position.

As long as there are enough hours combined across all student records (position) reversals can be done.

What's the longest period a student can be placed on a Short-Work Break? **Job Aid: Short Work Break Matrix.** Causal restricted students can only be placed on SWB during the summer. If they are taking a leave during the school year recommended to terminate and rehire later.

Will funding default to department funds when student exhausts WS funding and will department be notified when this happens? **No known notifications. Check DOPEs. Check Work Study Award Table in UCPath to make sure correct position pool ID is on the position. Work Study runs from fall quarter to spring quarter. No Summer.**

We recently saw that a discrepancy with FLSA status with the Position Management screen and the PayPath. Has anyone come across this? **Submit a Case with examples. May need to submit a Position and Job Data Update form if the correction cannot be done through PayPath.**

Reclassification requests – action reason code needs to be the correct one.
Notes

• Is it possible to hire student staff and have them report to a vacant HEERA position? Policy guidance ask Central HR. Strictly speaking Ecotime – Ecotime only looks the the primary position, if it is vacant then it is blank in Ecotime. Will show old Reports To name until new person is hired into the position listed under Reports To.

• I have a student employee who has the Primary ID for SSN as zeros. However, there is a "Derived Default ID" as well which is the correct SSN. How do I make the "Derived Default ID" as the primary? Submit a ASK UCPath Case to UCPC.

• Can you explain how to use the Student Employee Registration Report? What should the department do if the Registration status is Null? Is there a contact email for submitting inquires regarding student employment? [https://blink.ucsd.edu/HR/_files/supervising/hiring/students/regreportinstructions.pdf](https://blink.ucsd.edu/HR/_files/supervising/hiring/students/regreportinstructions.pdf) Null is most likely a SSN mismatch or the student is not registered. Contact SEO office with inquires regarding student employment. Email: studentemployment@ucsd.edu
Notes

1. Why is proof of work authorization not required for students? This kept defaulting to not required in handshake and I was unable to select “required.” **Student should have work authorization to work legally on campus.**

2. Which staff designation do we use for students in OBS? I had issues when trying to designate in OBS and it kept rejecting - it finally worked after trial and error? **Contact studentemployment@ucsd.edu with details or submit a case to handshake. Take screenshots and email to studentemployment@ucsd.edu.** Talent Acquisition manages OBS. Make sure to choose a student template. Casual restricted or Academic Student which ever is applicable.
