| FLSA Status                     | • The Fair Labor Standards Act (FLSA) is a federal law which establishes minimum wage, overtime pay eligibility, recordkeeping, and child labor standards affecting full-time and part-time workers in the private sector and in federal, state, and local governments  

• In UCPATH FLSA can be set up on Positions as Exempt, Non-Exempt, No FLSA Required and Non Exempt Alt Overtime |
| Compensation Frequency/ Pay Frequency | • Frequency fields on the Compensation tab and on Smart HR Templates; determines the pay schedule and how the rate is entered into Job Data.  

• Pay Frequency is used to define compensation rate code such as UCAN NL (A- Annual) or UCHRLY (H-Hourly)  

• Compensation Frequency is used in job to calculate Compensation Rate for pay |

Pay Groups

A logical grouping of employees based on shared characteristics that facilitate payroll processing

Pay Group are set up as 3 alpha numeric characters which reflects the UC Location code, Employee type (salary (S) or hourly), FLSA Status (exempt or non-exempt); Pay Frequency (bi-weekly or monthly)

Examples:
6ME – UCSD Salary Exempt Monthly
6B7 – UCSD 7/40 Non-Exempt Biweekly
6MH – UCSD Hourly Exempt Monthly

- Pay Group is a derived value:
  - Job Code
  - Comp Rate Code
  - Pay Frequency

- Certain Pay Groups require a manual override
Override Pay Groups

6MS
FLSA = Exempt
Comp Rate Code = UCANNL
Comp Rate = Annual Rate
Comp Frequency = M

6MH
FLSA = Exempt
Comp Rate Code = UCHRLY
Comp Rate = Hourly Amount
Comp Frequency = M

After updating making the update through PayPath, submit a Job Data Update form to UCPC to override the Pay Group to 6MS/6MH
UCPC Guidance

Effective Date
The effective date of promotional changes should start at the beginning of the pay period to ensure the FLSA weeks are calculated accurately.

Timing
Leverage the "Employee Data Change" deadlines listed on the UCPath Payroll Processing Schedule to determine when to submit/approve transactions.

Review/Validate
Submitting a change several pay cycles after the effective date can compound the adjustments needing to be made to pay, taxes, deductions and accruals.*

Scenarios

- Reclassification
- Alignment – Hiring Department
- Alignment – Existing Department
A BW hourly employee has taken on extra responsibilities that may qualify them to become Exempt. You reach out to the Central HR Compensation contact listed on the Resolving FLSA Conflicts job aid and they confirm that the employee’s position should be Exempt.

**Scenario 1: Employee’s position is being reclassified**

**Steps to Take:**

1. Update the position data tab in PayPath to change FLSA Status = Exempt
2. Update the job data tab in PayPath as follows:
   - Comp Rate Code = UCANNL
   - Comp Rate = Annual Rate
   - Comp Frequency = M
You are hiring a new employee into a Non Exempt Biweekly Hourly position but noticed in Person Org Summary that the employee already has a job in another department with a conflicting FLSA/Pay Frequency of Exempt/ Monthly (6AC). You reach out to the Central HR Compensation contact listed on the Resolving FLSA Conflicts job aid and were told that you will need to align to the existing Empl Record.

**Scenario 2: Hiring Department Aligning FLSA**

**Steps to Take:**
1. Update your position:
   - FLSA Status = Exempt
2. Submit the Concurrent Hire Template:
   - Comp Rate Code = UCHRLY
   - Comp Rate = Hourly amount
   - Comp Frequency = M
   - Enter in the Comments to request a Pay Group Override to the 6MH Pay Group
You are contacted by another department requesting that you align your FLSA/Pay Frequency so that they can hire the student employee into their department with a position with a FLSA/Pay Frequency of Exempt/6AC. The student employee will start working 3/1/23.

**Steps to Take:**

1. Use 2/19/23 for the Effective Date since this is a pay period begin date that is before the 3/1/23 Effective Date
2. Update the position data tab in PayPath to change FLSA Status = Exempt
3. Update the job data tab in PayPath as follows:
   - Comp Rate Code = UCHRLY
   - Comp Rate = Hourly amount
   - Comp Frequency = M
4. Submit an inquiry to ASK UC Path Center with a Job Data Update form to request a Pay Group Override to the 6MH Pay Group.

**Reminder:** The hiring department will not be able to hire the employee into their position until you align the FLSA

Notes

• If I have a grad student (not my dept.) who has an active employ right now as (E) 6MH 3% appt. can I go ahead and hire them now for a 50% apt. under a (E)BX 6AC 50% FTE. Yes, these are both Monthly exempt pay frequencies.

• Payroll Adjustment Form Now in UCPath Forms Library

• UCPath added the Payroll Adjustment Form Excel template to the UCPath Forms library. This form is required when submitting a payroll adjustment request via a case inquiry. Previously, the form had to be provided by UCPath to requesters.
  • Navigation: Log in to UCPath > Forms Library > Access Forms > Payroll > Payroll Adjustment Form Template
  • Submit a completed Payroll Adjustment Form by logging in to UCPath and clicking “Ask UCPath.” Use the following options when creating your inquiry:
    • Topic: Payroll
    • Category: Select "Submit Form – Payroll Administration"

• Instructions for completing the form under different adjustment scenarios can be found in the Payroll Adjustment Scenarios presentation in the UCPath Location Support Site (Navigation: Operational Alignment > Payroll Adjustment Scenarios)
If an employee reduces their time via ERIT and fall under the exempt salary threshold, do we need to change them to 6BH temporarily? **Check with the Central Office Compensation contacts.** Kenric: It goes by how much they make a week.
